Clear pull-up banners

Great value see-through barriers

Transparent pop-up roller banners are good value and a great way to have moveable see-through barriers. Easily move them around, roll up and put the down whenever quickly.

They are a simple solution for when you need protective barriers between seats and tables. Helping to increase capacity whilst considering staff and customers' health and safety. They are perfect for beauticians, hairdressers, restaurants, cafes and offices as a quick and easy way to protect from airborne particles.

- 850mm, 1m or 1.5m wide
- Tension banner versions also available for longer distances
- 2 metres tall
- Easily wipeable for good hygiene
- Carry case included
- No design necessary

Hand sanitising points

Help your customers and staff protect themselves from germs and viruses

1.28m

36cm

Perfect for shops/retail, offices, schools, medical locations (GP practices, hospitals, dentists etc), and other public areas where hand cleanliness is essential.

AUTOMATIC	FREESTANDING	POSITIVE
RESPONSIBLE	BRANDING	REFILLABLE

- Automated delivery of hand sanitiser with no cross-contamination.
- Customise with your brand or message to provide awareness and confidence.
- Freestanding electronic dispenser can be positioned anywhere.
- Positive recognisable benefits to customers and employees.
- Responsible and effective management of customer and staff cleanliness.
- Easily refillable.

Counter top units also available.

Face masks

Help to reduce the spread of droplets from talking, sneezing and coughing

From the 24th July face masks and coverings are compulsory in shops. The public have also been advised to cover their noses and mouths with a face covering on public transport.

Custom printed in full colour with your design, nose and mouth coverings enhance the impact of social distancing and lower the risk of virus transmission to other people.

- **Regular Face Masks:** Single layer, printed on polyester fabric, un-hemmed and secured with elastic ear loops.
- **Premium Face Masks:** Single layer, printed on polyester fabric, shaped around the nose and chin, hemmed edges and secured with elastic ear loops.
- **Luxury Face Masks:** Triple layer, printed on polyester fabric, 100% cotton inner layer which holds 1x PM2.5 Activated Carbon Filter (included), shaped around the nose and chin, hemmed edges finished with black trim, and secured with elastic ear loops. Supplied with 2x plastic stoppers to adjust elastic.
- **Foam Face Masks:** Single layer soft 2mm black foam, with ear holes. Washable and reusable. These cannot be customised.

Please note: these are not medical grade masks.
